

Press release

Addnode Group signs agreement with Inera

STOCKHOLM, APRIL 18, 2016 – Decerno, a subsidiary to Addnode Group, has signed a framework agreement with Inera regarding e-health application management. The agreement spans over a period of four years and holds a potential contract volume of approximately SEK 80-120 million annually. A second round of competition will take place among the twelve companies that have signed the framework agreement with Inera.

Decerno, a subsidiary within Addnode Group's business area Process Management, has signed a framework agreement regarding e-health application management with Inera. Inera is jointly owned by Sweden's county councils and regions with the mission to coordinate e-health and develop services for the benefits of residential, nursing- and care staff as well as decision makers. Inera will use the framework agreement for procurement of management and development services connected to e-health.

- Inera is doing an important work within digitization and public health and we are very pleased to have been given this trust. I see great potential in this framework agreement for us as a supplier. We have a long experience of developing and managing duties to the public sector, says Andreas Wikholm, President of Addnode Group's business area Process Management.
