Item 16 - The Board's proposal for a decision regarding guidelines for remuneration and other employment terms for the Executive Management

Executive Management means the President of the parent company, the other members of the Group Management and other senior executives specified on page 79 of the Company's Annual Report for the financial year 2013. The Board proposes the following guidelines to the Annual General Meeting 2014:

Remuneration to the President of the parent company, the other members of the Group Management and other senior executives shall consist of a fixed salary, a variable remuneration, share based incentive plan and additional benefits and pension. The fixed salary shall be competitive and secure that Addnode Group is able to recruit competent managers. As a general rule, the fixed salary shall be re-evaluated on a yearly basis and shall take the individual's qualitative performance into consideration. A variable remuneration can be paid in addition to the fixed salary. Variable remuneration shall be based on results achieved and/or individually established and specific goals. For the President of the parent company, the variable cash remuneration shall be based on results achieved by the Group. The variable cash remuneration may not exceed 12 monthly salaries. For other members of the Group Management and other senior executives, the variable cash remuneration may not exceed six monthly salaries and shall mainly be based on the results of the business area for which the executive is responsible. Share based incentive plans shall secure a long-term commitment to the Group's development and encourage own shareholding in the Company.

Pensions shall always be premium-based to create predictability with regard to the Company's future commitments. Pension premiums shall be paid with up to a maximum of 30 per cent of the current fixed annual salary.

Other remuneration and benefits shall be on market terms and contribute to facilitating the executive's ability to carry out his/her work assignments. Other benefits mainly refer to company car or car allowance.

The employment contracts of the senior executives include terms regulating termination of employment. According to the policy, employment can be terminated at the request of one party, with a term of notice of minimum six months and a maximum of twelve months. During the term of notice, the payment of salaries, remuneration and benefits shall be unchanged.

The principles shall apply to employment contracts entered into after the Annual General Meeting and for any amendments to existing terms. The Board may deviate from these guidelines in certain individual cases for which there is justification.

Item 17 - The Board's proposal for a decision to authorize the Board to decide on acquisitions and transfer of the Company's own shares

The Board proposes that the Annual General Meeting authorizes the Board to make decisions, on one or several occasions prior to the next Annual General Meeting, to acquire a maximum number of series B shares so that the Company's holding following the acquisition does not exceed 10 per cent of all the shares in the Company at any time. The buyback shall be conducted on the NASDAQ OMX Stockholm at a price that is within the registered range for the share price prevailing at any time (the so-called spread), that is, the range between the highest ask price and the lowest bid price and, where applicable, observing the, from time to time, applicable rules set out in the NASDAQ OMX Stockholm Rule Book for Issuers. Where buybacks are effected by a stock broker as assigned by the company, the share price may, however, correspond to the volume weighted average price during the time period within which the shares were acquired, even if the volume weighted average price on the day of delivery to the company falls outside the spread. The purpose of any buyback of own shares is primarily to transfer shares in conjunction with financing of Company acquisitions and other types of strategic investments.

Furthermore, the Board proposes that the Annual General Meeting authorizes the Board to make decisions, on one or several occasions, prior to the next Annual General Meeting, to transfer series B shares in the Company to a third party. The number of shares transferred may not exceed the total number of shares held by the Company at any time. Transfer may be conducted on or outside the NASDAQ OMX Stockholm and includes the right to deviate from the preferential rights of shareholders. The transfer of shares on the NASDAQ OMX Stockholm shall be conducted at a price within the registered price interval at any time. The transfer of shares outside the NASDAQ OMX Stockholm shall be made at a price in cash or value in property received that corresponds to the share price at the point in time of the transfer of the Addnode Group shares that are transferred with the deviation that the Board deems appropriate. The reason for permitting the Board to deviate from the preferential rights of shareholders is to enable financing of potential company acquisitions and other types of strategic investments in a cost efficient manner. For a valid decision under this item, shareholders representing at least two thirds of both the voting rights and the shares represented at the Annual General Meeting must support the Annual General Meeting's decision.

Item 18 - The Board's proposal for a decision to allow for own series C shares to, after conversion to series B shares, be transferred in accordance with the authorization in item 17

At the Annual General Meeting 2011, it was decided to implement a share savings plan for all employees of Addnode Group. To secure the obligations of the Company to deliver series B shares to the participants in the share savings plan, the same Annual General Meeting decided to authorize the Board to decide on an issue of new series C shares to Nordea Bank AB (publ), and of a buyback of series C shares from Nordea Bank AB (publ). In accordance with the authorization, the Company has issued and repurchased 674,224 series C shares, which are held by the Company. The Annual General Meeting 2011 furthermore decided that the repurchased series C shares, after conversion to series B shares, can be transferred to the participants in the share savings plan in accordance with the terms of the plan. Because, among other, not all employees of the Group have chosen to participate in the share savings

plan and since the performance conditions of the plan cannot be fully achieved, maximum approximately 203,000 series B shares will be needed, according to the Company's calculations, to satisfy the obligation of the Company to deliver series B shares to the participants in the plan. The Board considers it most cost-efficient and appropriate to propose to the Annual General Meeting that those series C shares, which will consequently not be required to satisfy the Company's obligation to deliver series B shares to the participants in the plan, may be used, after conversion into series B shares, for transfer to a third party in accordance with the authorization in item 17 of the agenda. For a valid decision under this item, shareholders representing at least two thirds of both the voting rights and the shares represented at the Annual General Meeting must support the Annual General Meeting's decision.

Item 19 - The Board's proposal for a decision to authorize the Board to decide on issues of new shares

The Board proposes that the Annual General Meeting authorizes the Board to make decisions, on one or several occasions, prior to the next Annual General Meeting, with or without deviation from the preferential rights of shareholders, regarding new share issues. Based on the resolution, with the support of an authorization, it shall be possible to increase the share capital by a total of not more than SEK 36,000,000 by issuing a total of not more than 3,000,000 new shares at full subscription. The authorization shall also encompass the right to decide on a new share issue stipulating cash-in-kind payment or that shares shall be subscribed for with right of set-off or otherwise with conditions stipulated in Chapter 13, Section 7 of the Swedish Companies Act. The reason for the deviation from the preferential rights of shareholders is to enable private placements for the implementation of acquisitions of all or parts of other companies or operations, or to raise capital to use in such acquisitions. The basis for the subscription price shall be the share's market value. The authorization shall not be used to make decisions regarding issues in cash directed solely or partly to one or more existing shareholders – in cash issues where shareholders shall be entitled to subscribe, the preferential rules of the Swedish Companies Act shall instead apply. For a valid decision under this item, shareholders representing at least two thirds of the votes cast and the shares represented at the Annual General Meeting must support the Annual General Meeting's decision.

Item 20 - The Nomination Committee's proposal for a decision on a Nomination Committee

The current Nomination Committee has proposed that the Annual General Meeting resolves to commission the Chairman of the Board to contact the three largest owner-registered shareholders in terms of voting rights based on shareholder statistics from Euroclear Sweden AB as per 31 August 2014, each of which appoints one representative who is not a member of the Company's Board of Directors to serve as a member of the Nomination Committee, along with the Board Chairman, until a new Nomination Committee is appointed by mandate of the next Annual General Meeting. In addition, the Chairman of the Board shall appoint one representative of the smaller shareholders and one representative of the institutional owners to be a member of the Nomination Committee. The Chairman of the Nomination Committee shall represent the largest shareholder in terms of voting rights. The composition of the Nomination Committee shall be announced not later than six months before the 2015 Annual General Meeting. No fees are paid to members of the Nomination Committee. If a member steps down from the Nomination Committee before completing his or her assignment, and if the Nomination Committee believes there is a need to replace this member, the replacement will be appointed by the same shareholder that appointed the departing member. In the event

that a significant change occurs in the ownership structure after the Nomination Committee has been appointed, the composition of the Nomination Committee shall also be changed accordingly, if the Nomination Committee believes this is necessary. Changes in the composition of the Nomination Committee shall be immediately announced. The task of the Nomination Committee is, prior to the Annual General Meeting, to present proposals regarding the number of Board members to be elected by the Annual General Meeting, Board fees, auditors' fees, any remuneration for committee work, composition of the Board, Chairman of the Board, Nomination Committee, Chairman of the Annual General Meeting and election of auditors. The present Nomination Committee shall remain until a new Nomination Committee has been formed.
